

Bringing Patients to Their Dermal Aesthetic
Potential. Gently. Rapidly. Safely.

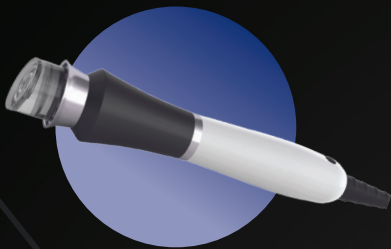

The healing power of plant based serums that correlate to the body's specific needs. Offering a unique approach to skin, scalp, and hair health.

AquaFirmeXS is a dermal health workstation addressing an array of skin and scalp concerns caused by exposure to extraneous pollutants and UVA/UVB while leaving healthful radiance to treated areas. It is the first system to incorporate biofriendly plant-based serums, bringing an all-new biotherapy treatment approach to skin, scalp, and hair health.

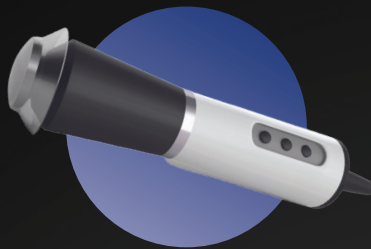

This system represents a new class in skin care excellence, through its differentiating handpieces and proprietary serums that help brighten, detoxify and revitalize skin of any type that help brighten, detoxify, and revitalize skin, scalp, & hair at any age.

1 Platform, 3 technologies

EVO combines conical evacuation with a proprietary micro-cupping technology to remove debris from the skin making the skin ready to be bathed with hydrating ingredients.

The EXO₂ handpiece combines vibrating massage to increase blood flow and naturally reenergize skin cells.

The ULTRA handpiece further assists in delivering serums to help improve skin quality and hair health. Ideal for use with our DE|RIVE Hair Support Serum.

Join the Skin Revolution

The Primary AquaFirmeXS Advantage: Bio-Therapy Workstation

The AquaFirmeXS serums are derived from ancient Ayurvedic principles and are available to us through modern technology. The patented serums made from a propriety blend of bio-based plant secretory factors that correspond to the skin's needs and simulate the body's natural healing response.

The AquaFirmeXS Serums

CLARIFY: For cleansing and exfoliation.

VIVIFY: For brightening the facial complexion.

DETOX: For reducing inflammatory pollutants, decreasing free radicals, and balancing the skin.

DEFY: The most advanced scientifically developed defense against "inflammaging"

DE|RIVE: For nourishing the scalp & hair follicles. Also available for daily use.
